

OUR VISION

Partners In Mission is to be the primary organization of the Texas Annual Conference (TAC) committed to sending short term volunteer mission teams to be in partnership with local, national and international Methodist churches, in response to God's call.

MISSION STATEMENT

Partners In Mission exists to educate, equip and support the people of the Texas Annual Conference in response to the *invitation* of local, national and international Methodist churches in partnership through hands on ministry.

OUR TASK

Our task is what we do with our abilities—from moving soil, laying bricks, mixing cement, painting, carpentry work, teaching Vacation Bible School to participating in medical missions. Our task should always be secondary to our purpose of sharing Christ's love in ways that make a Christian difference.

Texas Annual Conference

Partners In Mission

Partners In Mission- Medical Projects

The following projects are supported by the Texas Annual Conference and provide a safe, organized avenue for all mission teams. Your church can organize a team or send individuals with other churches on any of the projects listed.

Funding from the Texas Conference matches the project supply fee which is calculated into the individual's price of the mission. Medical professionals are necessary, but non-medical volunteers are very important for the running of the clinics. VBS can also be conducted during the clinic hours for those in the waiting room.

Please contact the Project Coordinator of the specific mission opportunity that interests you.

Churches can collect medical supplies which will be hand carried by our PIM medical teams. For a list of supplies call the PIM office at 713-521-9383.

Belize - Dental and general medical in Corozal District. \$1000 Call Cam Collins at 281-784-6808.
